SUMMARY

Recent Information Systems and Technologies graduate with internship and project experience and a passion for technology. I enjoy learning, exploring new challenges, and improving myself. I am looking for an environment where I can keep growing, exchange ideas, and work with people who share my enthusiasm for technology.

EDUCATION

Bilkent University Sep 2021 – Jun 2026
Bachelor of Applied Sciences, Information Systems and Technologies (CTIS) **CGPA: 3.17**

EXPERIENCE

Vacanza Sep 2025 – Jun 2026
Mobile & Backend Developer (University Project) Ankara, Turkey
- Developed REST APIs using Java Spring Boot and PostgreSQL for location based search and distance filtering.
- Integrated external APIs and backend services with a Flutter application, supporting authentication and travel search functionality.
- Built Flutter map features using BLoC and Mapbox, including polygon based search and POI filtering.

IBTech Nov 2025 – May 2026
Web Application Development Intern (Part time, Remote) Istanbul, Turkey
- Developed corporate banking interfaces using Angular and TypeScript, integrating frontend components with backend APIs.
- Independently developed an internal FlowBuilder tool for configuring and managing API request workflows.

Beyond Technologies Jan 2025 – Jun 2025
Mobile Development Intern (Full time, Hybrid) Ankara, Turkey
- Developed a real time Flutter messaging application using BLoC and Firebase.
- Integrated Firebase Authentication, Firestore, and Cloud Storage for user management, messaging, and image uploads.

Ziraat Teknoloji Jun 2024 – Jul 2024
Software Engineering Intern (Full time, On site) Ankara, Turkey
- Wrote SQL queries using Microsoft SQL Server to retrieve and process relational data.
- Participated in Agile/Scrum workflows and collaborated with the development team.
